

Town & Country Exhibiting Amateur Artist Framing Requirements

Springer reserves the right to not hang artwork if requirements are not met.

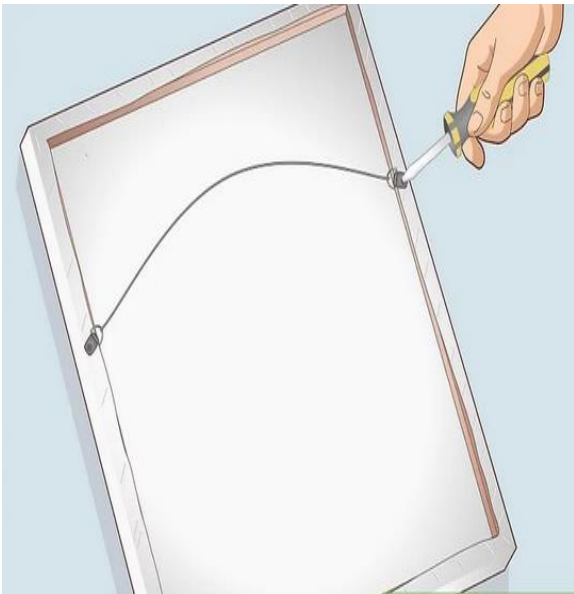

Frame, Wire, Label

Framing

- 2D artists will need to frame & wire artwork. Stretched canvas artwork requires wiring only.
- 3D artwork will need to provide supportive material or stands for display, if applicable.
- All entries when delivered must arrive ready to hang or display.

Wiring Your Artwork

All artwork needs to be framed, wired and ready to hang /display. If works are on canvas, no frame is necessary, but still need to be wired. Wires should be installed no more than a third of the way down on the artwork and ***when wire is pulled taut, it sits at least 3 inches below the top of the frame.***

Types of wiring that will not be accepted

For store bought wood frames, eye hooks or d-hooks need to be screwed into frame and wired.

Acceptable metal frames have a track to accommodate hangers.

Labeling Your Artwork

The back of each piece of artwork should be labeled with: first & last name, and title of artwork (please print.) The label must be either taped on or written on the back of the artwork.
