Executive Summary

Community Survey

Executive Summary Report

Overview of the Methodology

Leisure Vision conducted a Community Survey on behalf of the Champaign Park District during the winter of 2011-2012. The purpose of the survey was to help establish priorities for the future improvement of parks and recreation facilities, programs and services within the community. The survey was designed to obtain statistically valid results from households throughout the Champaign Park District. The survey was administered by a combination of mail and phone.

Leisure Vision worked extensively with Champaign Park District officials in the development of the survey questionnaire. This work allowed the survey to be tailored to issues of strategic importance to effectively plan the future system.

In November 2011, a seven-page survey was mailed to a random sample of 4,000 households throughout the Champaign Park District. Approximately three days after the surveys were mailed each household that received a survey also received an automated voice message encouraging them to complete the survey. In addition, about two weeks after the surveys were mailed Leisure Vision began contacting households by phone. Those who indicated they had not returned the survey were given the option of completing it by phone.

The goal was to obtain a total of at least 800 completed surveys from Champaign Park District households. This goal was accomplished, with a total of 807 surveys having been completed. The results of the random sample of 807 households have a 95% level of confidence with a precision of at least +/-3.4%.

The following pages summarize major survey findings.

Major Survey Findings

- **Visiting Park District Parks.** Ninety percent (90%) of households have visited Champaign Park District parks during the past year. This is significantly higher than the national benchmarking average of 72%, and the Illinois benchmarking average of 77%.

Of the 90% of households that have visited Park District parks during the past year, 96% rated the physical condition of the parks they've visited as either "excellent" (45%) or "good" (51%). An additional 4% of households rated the parks as "fair", and less than 1% of rated parks as "poor".

- **Use of Outdoor Recreation Facilities.** The Park District outdoor recreation facilities used by the highest percentage of households during the past 12 months are: playgrounds (54%), picnic areas (49%), Sholem Aquatic Center (41%), and shelters (30%).

- **Participation in Park District Programs.** Thirty-eight percent (38%) of households have participated in Champaign Park District programs during the past 12 months. This is higher than the national benchmarking average of 30%, and about the same as the Illinois benchmarking average of 39%.

Of the 38% of households that have participated in Park District programs during the past 12 months, 95% rated the quality of programs as "excellent" (48%) or "good" (47%). An additional 5% of households rated the programs as "fair", and less than 1% rated programs as "poor".

- **Ways Respondents Learn about Park District Programs and Activities.** The most frequently mentioned way that respondents learn about Champaign Park District programs and activities are: Champaign Park District Brochure (68%), newspaper articles/advertisements (43%), Champaign Park District website (34%), word of mouth (33%), and from friends and neighbors (32%).

- **Registering On-Line for Park District Programs.** Forty-five percent (45%) of respondents are aware that they can register on-line for a Champaign Park District program with a valid PIN#.

- **Purchasing Virginia Theater Show Tickets On-Line.** Forty-seven percent (47%) of respondents are aware that they can purchase tickets on-line for a Virginia Theater show.

- **Preferred Way to Register and Pay for Recreation Classes.** Over half (58%) of respondents prefer to register and pay for recreation classes through the interactive Internet. In addition, 28% of respondents prefer to register and pay for recreation classes through walk-in, 12% prefer to pay by phone, and 2% prefer to pay by fax.
- **Organizations Used for Indoor and Outdoor Recreation Activities.** The organizations used by the highest percentage of households for indoor and outdoor recreation activities are: the Champaign Park District (68%), University of Illinois facilities (41%), Forest Preserves (31%), and Urbana Park District (31%).
- **Opportunities to Acquire and Develop Open Space.** Fifty-eight percent (58%) of respondents support the Park District acquiring open space areas and developing them with passive facilities. Forty-eight percent (48%) of respondents support the Park District acquiring open space areas and developing them for passive and active facilities, and 38% support acquiring open space areas and leaving them undeveloped for future generations.
- **Need for Parks and Recreation Facilities.** The parks and recreation facilities that the highest percentage of households have a need for are: walking and biking trails (73%), nature trails/nature parks (73%), large community parks (71%), small neighborhood parks (69%), and the Virginia Theatre (58%).
- **Most Important Parks and Recreation Facilities.** Based on the sum of their top four choices, the parks and recreation facilities that households rated as the most important are: walking and biking trails (46%), small neighborhood parks (34%), nature trails/nature parks (33%), large community parks (25%), outdoor swimming pools/water parks (25%), and Virginia Theatre (23%).
- **Use of Indoor Recreation Facilities.** The Park District indoor recreation facilities used by the highest percentage of households during the past 12 months are: the Virginia Theatre (59%), Leonhard Recreation Center (26%) and Springer Cultural Center (25%).
- **Use of Potential Indoor Programming Spaces.** The potential indoor programming spaces that the highest percentage of households would use are: walking and jogging track (70%), aerobics/fitness/dance class space (44%), and weight room/cardiovascular equipment (43%).

- **Amenities Households Would Like to See Kept in or Added to Spalding Park.**
The amenities that the highest percentage of households would like to see kept in or added to Spalding Park are: walking paths (47%), swimming pool (46%), picnic shelters (36%), and large playground (36%).
- **Amenities Households Would Like to See Kept in or Added to Douglass Park.**
The amenities that the highest percentage of households would like to see kept in or added to Douglass Park are: walking paths (48%), picnic shelters (42%), picnic areas (40%), and lighted basketball court (36%).
- **Support for Adding Lap Lanes to the Sholem Aquatic Center.** Sixty-three percent (63%) of respondents are either “very supportive” or “somewhat supportive” of adding lap lanes for exercise swimming, competitive swimming, and swim lessons to the Sholem Aquatic Center. An additional 13% of respondents are “not supportive”, and 24% indicated “not sure”.
- **Reasons Preventing Households from Using Park District Parks, Facilities & Programs.** The most frequently mentioned reasons preventing households from using Champaign Park District parks, recreation facilities and programs more often are: “program times are not convenient” (19%), “too far from our residence” (18%), and “fees are too high” (17%).
- **Park District Actions Most Willing to Fund.** Based on the sum of their top four choices, the Park District actions to improve the parks and recreation system that respondents are most willing to fund with tax dollars are: develop additional outdoor walking/biking trails (43%), develop a new indoor recreation center (32%), and develop nature trails/nature center (29%).
- **Level of Satisfaction with the Overall Value Received from the Park District.** Seventy-three percent (73%) of households are either very satisfied (34%) or somewhat satisfied (39%) with the overall value their household receives from the Champaign Park District. Only 5% of households are either somewhat dissatisfied (4%) or very dissatisfied (1%) with the Park District. In addition, 15% of respondents rated the Park District as “neutral”, and 7% indicated “don’t know”.
- **Paying Additional Property Taxes to Fund Parks and Recreation Facilities.** Seventy-seven percent (77%) of respondents would pay some amount of additional property taxes to build and operate the types of parks, trails, recreation, cultural, and aquatic facilities that are most important to their household. This includes 13% that would pay at least \$15 per month, 16% that would pay \$10 - \$14 per month, 24% that

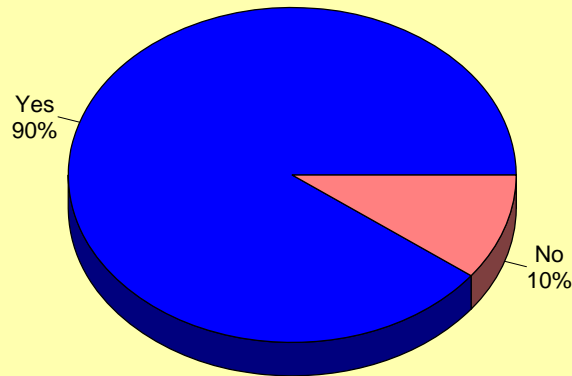

would pay \$5 - \$9 per month, and 24% that would pay \$1 - \$4 per year.

- **Voting to Fund Parks, Trails, Recreation, Cultural and Aquatic Facilities.** Sixty-eight percent (68%) of respondents would either vote in favor (39%) or might vote in favor (29%) of a referendum to fund the improvement, development, and operations of the types of parks, trails, recreation, cultural and aquatic facilities that are most important to their household. In addition, 11% of households would vote against the referendum, and 21% indicated “not sure”.

| <input type="checkbox"/> (05) YMCA | <input type="checkbox"/> (10) Other: _____ |

12. The Champaign Park District is looking for opportunities to acquire and develop open space. From the following list of potential opportunities, please check the TWO opportunities you are most supportive of the Champaign Park District pursuing.

- (1) Acquire open space areas and leave them undeveloped for future generations
- (2) Acquire open space areas and develop them with passive facilities (i.e. trails, picnic areas, playground equipment, etc.)
- (3) Acquire open space areas and develop them for active sports (i.e. baseball, softball, soccer, etc.)
- (4) Acquire open space areas and develop them for both passive facilities (i.e. trails, picnic areas, playgrounds, etc.) and active sports (i.e. baseball, softball, soccer, etc.)
- (5) No new open space is needed

13. Please indicate if YOU or any member of your HOUSEHOLD has a need for each of the parks and recreational facilities listed below by circling the YES or NO next to the park/facility.

If YES, please rate ALL the following parks and recreation FACILITIES of this type available to Champaign Park District residents on a scale of 5 to 1, where 5 means “100% Meets Needs” and 1 means “Does Not Meet Needs” of your household.

Type of Facility	Do You Have a Need for this Facility?		If YES You Have a Need, How Well Are Your Needs Being Met?				
	Yes	No	100% Met	75% Met	50% Met	25% Met	0% Met
A. Youth soccer fields	Yes	No	5	4	3	2	1
